There are a few confident ones, who doubtless have the where-with-all to back their confidence in...the final results, but the great majority will be on the outside of the lucky fourteen class. Four-teen parties will win each a round-trup ticket to the resort of their choice and free entertainment for a week. Each party will have the privilege of appointing a chaperone to accompany them under the same liberal conditions.

That means a company of forty-two ladies composing the fourteen Tee-Dee parties who will spend a week at the mountains or seashore as a reward for their active work during the past five or six weeks.

Funny With Passengers on Car Who Turned Out to Be Policemen-A Mischievous Boy.

'Squire Lonnie Graves had four pages of typewritten matter to deal with yesterday morning, being the record of evil doings charged against residents, white and black, great and small, of the city of Richmond.

William Manone, quie an old man, was before the 'Squire, charged with refusing to move when ordered to do so by Special Policeman C. C. Childress. The special officer said that Mahone seemed to find much delight in nagaring at the officers and making himself offensive to them. The fine placed opposite his name was \$2.50.

\$2.50. Joseph Thomas, colored, struck Annie Johnson, also colored. This gave 'Squire Graves the opportunity to assess \$10 in favor of the city of Richmond. This he did without much hesitation, holding to the old rule of Justice John that it must always cost at least \$10 to strike a women.

Passengers "Fooled" Them.

Passengers "rooled" Inem.
Fred Enroughty, pronounced Darby, according to popular report, and H. W.
Wright were charged with interfering
with the Virginla Passenger and Power
Company in the operation of their cars.
The men were said to have been jollying
some passengers on the cars, when, behold! the patrons turned out to be policemen in citizens' dress. The result is apparent from the presence of the young
men yesterday. Enroughty was discharged, while his companion was taxed

charged, while his companion was taxed a \$10.

George Miller, a lad, was before the tribunal for the playful but annoying trick of jumping on cars, ringing the bells and jumping off without paying the five cents for the privilege therefor. Mr. McGufre, attorney for the company, declared that he did not wish to prosecute the boys for their mischief, but he wanted them warned by the Justice that they must desist. This the 'Squire did, telling George that if he or his friends came back on that charge they would be fined \$10 and costs. George was glad enough to get out of court.

John Smith and John King, youths of the colored varlety, were charged with being disorderly in the Second Market, "We wuz jest a raslin," said one. "It costs you \$2.50," said the 'Squire, "to wrestle when you are mad."

Maria Hickman's conduct on the street was of the most wakeful character, and she was taxed a "V."

The 'Squire had other cases, but some were the same old drunks and others went over until other days without a hearing. Just before the docket was finished Justice John J. Crutchfield marched slyly in and was given a rousing welcome. But that is another story and is told in another place.
